Shively Labs® is proud to be partnering with EMC - SOLUÇÃO EM TELECOMUNICAÇÕES of Brazil to provide local engineering support and to promote Shively's extensive line of FM radio products.

EMC's principal, Eduardo Cappia has extensive experience with broadcast engineering generally, throughout Brazil and will be able to assist our customers with the design and specification of all types of antenna, filter and combining systems including those systems manufactured under license in Brazil by IDEAL Antenas. For more information, please contact:

Eduardo Cappia
